A Surname Index to La Mesilla and Her Mesilleros

# History of La Mesilla and Her Mesilleros

A book by Lionel Cajen Fietze

## Introduction:

The "History of La Mesilla and Her Mesilleros" presents the history of La Mesilla, New Mexico, and of the area around it. This area has had several histories written; however, the book contains so many names and so many family connections are stated in the text that it provides valuable personal information about the area — and New Mexico — residents. The author was born and reared in the immediate area and drew upon his knowledge and family connections to produce a book that would be of genealogical importance. The only tool it lacked to be a really effective research source was a complete index of every name which appeared. We have provided a total surname index to partially correct this omission. We hope that this index will further enhance a fascinating volume of history and recollections.

Laurel Drew, Librarian/Editor  
Avis G. Crow, Compiler  
Howard W. Henry, Project Coordinator  
Eldon W. Pierce, Technical Advisor  
Herbert C. Palm, Chairman, PAF Users Group  
The Genealogy Club of Albuquerque

Summer, 1997

## Note:

This is the second printing and has been revised with some corrections to spelling of names. October, 1999.

A set of numbers with a hyphen between them indicate that there is a reference to that name on each page of that series, i.e., 210-213 would mean there was a mention on each page, 210, 211, 212, 213.
